

Verbruggen Palletizing Solutions B.V. new NAFTC Turkey member

As per October 2017 Verbruggen Palletizing Solutions B.V. became a member of NAFTC (the Netherlands Agro, Food & Technology Centre) Turkey!

NXT International Trade & Agency Services Turkey (NXT TRADE Turkey) as the service provider of NAFTC in Turkey will be supporting Verbruggen Palletizing Solutions with their exposure and thus expansion of business in the Turkish market.

With NXT TRADE's years of experience in and of the Turkish market, our connections/network, our local staff, our knowledge of the local customs, rules and regulations we are ready to fully support Verbruggen Palletizing Solutions in all their requests in regards to the Turkish market.

Verbruggen Palletizing Solutions B.V offers the best solutions for palletizing boxes, bags or crates by automatic stacking methods. They have more than 25 years of experience developing the most efficient, long lasting palletizers with unprecedented stacking capacities. They have provided many different palletization solutions worldwide within the agricultural industrial sectors offering customers the best in automated solutions for stacking the most difficult products.

Michael Westenberg, Chairman NXT TRADE Board: *"Verbruggen Palletizing Solutions BV is one of the global market leaders in predicting high-end palletization equipment. Despite their global market reach the Turkish market remained untapped. Verbruggen and NXT management came to a solid plan of executing the commercial market-entry strategy for Verbruggen in Turkey, starting by localizing their presence in 2017 and accessing the market potential as of 2018 onwards. I am convinced that products and solutions of Verbruggen fit the Turkish market and look forward to NXT Trade successfully developing de market in the months to come".*

Maarten Verbruggen, Business Development Director, Verbruggen Palletizing Solutions: *"Despite our global market focus and presence the Turkish market remained untapped, and the time has come to utilize the opportunities in Turkey with a strong partner as NXT. We strongly believe that our solutions are suitable for a mature market as Turkey, and look forward to explore this opportunity."*

About Verbruggen Palletizing Solutions B.V.

Verbruggen can help by way of automated palletizing for any stackable product type. They create a customized palletizing solution for you, starting from their platform of standard equipment components. 25 years ago the Dutch family company Verbruggen developed many applications that are still used today throughout the agricultural and industrial markets worldwide. Their core design is also still used in their machines today following many refinements, efficiency improvements and the latest technologies allowing them to provide state-of-the-art palletizing machines for you. They have facilities located in Europe (Emmeloord), United States (Washington State) and Asia (Dhaka) for optimal service coverage along with a strong distributor network worldwide.
