

Wieger Wagenaar new shareholder at NXT Group of Companies

Mr. Wieger Wagenaar (1963), Head of the Supervisory Board at the NXT Group of Companies, has joined us as a strategic shareholder on March 1, 2017.

Mr. Wagenaar is an entrepreneurial and experienced business leader. He is always looking for opportunities to leverage his experience and help to lead a company through a period of change by engaging all stakeholders, identifying the value drivers, defining a clear strategy, and formulating concrete steps to implement the plans of action.

Mr. Wagenaar has a strong finance, risk, change and IT management background. After a successful corporate career in highly visible executive roles both in the Netherlands and abroad (especially in emerging insurance markets), Mr. Wagenaar has developed himself into a business partner with an excellent track record in delivering sustainable change management results for medium sized enterprises with growth potential.

Before Mr. Wagenaar became an entrepreneur, advisor and investor he gained experience in companies like Achmea Group, Eureko Sigorta/Garanti Bank Turkey, PwC, and Ernst & Young.

By becoming a shareholder in the NXT Group his aim is to support and facilitate further growth of the organization in the Netherlands and beyond by developing and enhancing NXT's strategy together with the management team.

Wieger Wagenaar: *"During my time as head of the supervisory board at the NXT Group I have seen and I am confident about the power and potential of this company for Dutch businesses willing to expand in the markets we are active in (Turkey, India, Colombia, Iran, and the Netherlands). Besides this I see the potential to enroll our business model in other countries with the aim to unburden our clients when entering new markets. By building a sustainable relationship with our clients we want to support them in discovering, opening and positioning themselves in new emerging markets. I will strive for cementing long-term customer relationships on all managerial levels".*

Michael Westenberg, Managing Partner at the NXT Group of Companies: *"I was fortunate to meet Wieger Wagenaar in his last corporate role as a determined and focused change CFO at Eureko Sigorta/Garanti Bank Turkey. When initiating NXT's international expansion in 2015 I invited him as our chairman of the supervisory board. He has proven the ability to add more value, next to safeguarding the interest of our company, its employees and stakeholders. He stimulated the innovative way the NXT Group reshaped business advisory and support services. He also played an active role in the further growth and professionalization of our overall portfolio. Mr. Wagenaar will add experience, seniority, and a hands-on change management approach which will enable us to lead the NXT Group into further innovating its services and overall growth targets."*

About NXT Group of Companies

NXT Group of Companies is an independent, commercial service provider. It advises and supports multinationals, SME's and governmental institutions who are internationalizing in emerging markets like Turkey, India, Colombia and Iran. In most of these countries NXT has its own local business support offices.

Our three business lines are NXT Enterprise Services, NXT Trade & Agency Services, and NXT Strategy Services. They provide services like business consultancy, business support, business incorporations, representation services, trading solutions, production support, and Holland House (serviced offices).
